

## **INSTALLATION GUIDE**

### **ZADACOM 3G+ HSUPA/HSDPA/UMTS/EDGE modem**

## Modem description

## Installation of the SIM card

Gently insert the SIM card into the slot positioned on the left side of the modem. Push the SIM card into the modem body until you hear clicking sound which will lock the SIM card in the SIM reader. To remove the SIM card, push it against the body of the modem.

## Installation

**Do not connect the modem to your computer before installing the drivers and the software. To start the installation, please insert the CD into your CD-ROM drive.**

1. Setup Wizard should appear. Click on „Software and drivers installation“ to continue. If you have autorun on the CD disabled, please doubleclick on setup.exe on the CD.

## Watcher software features

## SMS Client

Watcher software includes SMS client that can be also used during active internet connection.
